

# INTRODUCING YELLOW JACKET®

## Micro LED UV Leak Detection

The light way to  
pinpoint leaks.

Light and bright, these compact high visibility lamps put a whole new light on leak detection with YELLOW JACKET® Universal Fluorescent Dyes and all A/C systems and refrigerants. Light-concentrating reflectors surround each of five LEDs for intense illumination. **Model 69790** features three UV and two blue bulbs for pinpointing leaks from greater distances. For greatest contrast with fluorescent dyes, **model 69791** contains five UV bulbs.

- 100,000+ hour LEDs.
- Constant ON or momentary ON.
- Sealed to lock out moisture.
- Bulbs recessed for protection in the stainless steel head.
- Long life lithium battery included.
- Aircraft aluminum body clad in military grade, Type III anodizing.

**Model 69792** for general “flashlight use” illuminates 120' away with five high intensity clear bulbs. Light source is visible at up to one mile.

All models are covered with a limited lifetime warranty.

**Kits** at right include choice of lamp, disposable dye injector tube for two applications, injector hose, and carrying pouch.

UPC#	Description
69788	Micro UV LED and dye kit for auto
69789	Micro UV LED and dye kit for ACR
69790	Micro UV LED lamp 3 UV bulbs-2 blue bulbs
69791	Micro UV LED lamp 5 UV bulbs
69792	Micro LED lamp clear bulbs for general use
69793	Pouch for LED

## UNIVERSAL A/C DYE SOLUTIONS

Universal dye for A/C and refrigeration systems with mineral, alkyl, or polyol ester lubricants.

- Field proven and sold worldwide.

- Passed thermal stability tests.
- One dye, one strength for all applications minimizes inventory.
- Raw material QC assures dye uniformity.

UPC#	Description
69711	1/4 oz. (7.5 ml) universal A/C – 24/cs.
69708	1/2 oz. (15 ml) universal A/C – 12/cs.
69709	1 oz. (30 ml) universal A/C – 6/cs.
69710	2 oz. (60 ml) universal A/C – 6/cs.
69712	8 oz. (240 ml) universal A/C – 1/cs.
69713	8 oz. (240 ml) universal A/C – 6/cs.

## UNIVERSAL A/C DISPOSABLE INJECTORS

Universal disposable 1 oz. applicator containing four applications for fast economical dispensing. Universal dye

for all common refrigerants and oils. Two 1/2 oz. applications for regular split system or four 1/4 oz. applications for small appliances or auto A/C.

Easy to use: connect to system, push in plunger, and then disconnect.

- Less costly and faster than many other methods.
- One dye, one strength for all AC/R applications minimizes inventory.
- No back-up refrigerant to move dye into system.
- Patented.

UPC#	Description
69700	1 oz. (30 ml) injector – 6/cs. (12 residential applicators per/cs.)

## UNIVERSAL A/C DYE INJECTORS AND HOSE

Use for all AC/R systems. Up to 4 applications of dye in each disposable tube make it economical, fast and clean. Hoses feature back flow check valve. Patented.

UPC #	Description
69702	Hose plus 2 injectors
69703	Auto R-134a hose, coupling & injectors
69705	Injector hose with SealRight™ for AC/R
69706	Auto R-134a injector hose & service coupler

## OIL AND FLUID DYE SOLUTIONS

Locates leaks in oil-based applications, milling machines, hydraulics, transmissions, power steering, and more. 1 oz. per 2 gallons of oil.

UPC#	Description
69733	1 oz. (30 ml) oil and fluid dye – 6/cs.
69734	1 oz. (30 ml) oil and fluid dye – 24/cs.
69735	8 oz. (240 ml) oil and fluid dye – 1/cs.

## COOLANT DYE SOLUTIONS

Pinpoint leaks in antifreeze-based auto and hydronics water systems. One ounce per gallon.

UPC#	Description
69737	1 oz. (30 ml) coolant dye – 6/cs.
69738	1 oz. (30 ml) coolant dye – 24/cs.
69739	8 oz. (240 ml) coolant dye – 1/cs.
