

IDEAL[®] PLIERS

MADE IN THE USA

IDEAL Electrical is excited to introduce a new line of ergonomic Smart-Grip[®] handles. Designed for comfort and durability in all work environments, these next generation handles are built to perform. All IDEAL pliers now come with an integrated tethering hole, and letter indicator to easily identify the right tool for the job.

IDEAL[®] PLIERS

MADE IN THE USA

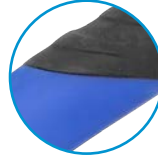

Heavy-Duty Dipped Grips

- Heavy-duty textured grips
- Excellent fit, form and functionality
- Dipped hot for uniform shape, optimum adhesion and perfect form

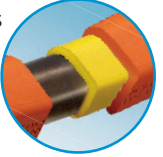

Smart-Grip™ Dual Durometer Molded Grips

- Designed for improved comfort
- Integrated tethering hole for added safety
- Letter indicator provides quick tool identification

1000V Grips

- Permanently bonded double insulated handles for added safety
- Non-slip guard for added safety
- High visibility ergonomic handles for maximum comfort and control
- Textured handles provide a sure grip and are resistant to perspiration, water, oil and chemicals

Linesman Pliers

- Knife-to-knife blades provide excellent cutting performance
- Cuts hardened wire, bolts and stainless steel wire
- Fine grain cross-hatched nose grabs wire without damage to fine strands

Diagonal-Cutting Pliers

- Knife-to-knife blades provide excellent cutting performance
- High-leverage design provides more cutting power
- Angled head for hard-to-reach areas and rocking out nails
