
SEMI-ROUND STABILIZER KNEE PAD

Stabilizer platform keeps users steady
and balanced in stationary positions

SEMI-ROUND STABILIZER KNEE PAD

The Semi-Round Stabilizer Knee Pad Knee Pads from Klein Tools are designed for professional in trades that demand ground-level work and tailored to meet the rigors of toughest jobsites. The stabilization platform provides balance and stability in stationary positions, while the semi-round shell allows for easy side to side movement. The multi-layer gel and gel-like padding system is designed to support the knees and to reduce pressure and fatigue after all-day wear. Quick-fasten buckles and adjustable elastic straps allow for easy on/off.
