

The PacTool Dynamic Duo: Value and Durability

The new Snapper Shear SS204 fiber-cement siding shear combines our famous precision-machined cutting head with a compact 3/8" drive motor. After rigorous field testing, we're proud to offer the SS204 as

a competitive alternative to our contractor-proven SnapperShear product line. Equipped with the same super-tough fiber cement blade, you'll save time and money with every dust-free cut.

Snapper Shear SS204 Fiber Cement Siding Shear

- Cuts fiber-cement siding up to 5/16" thick.
- Smooth, fast cuts with no airborne dust
- Powerful 4.8 amp motor
